

# Teimur Gasanov

## Senior Software Engineer

Bishkek, Kyrgyzstan   
me@teimurjan.dev   
+996 (550) 01-07-26 

I am an engineer with 9+ years of experience in UI/UX, software architecture, and team leadership. Proficient in React, JavaScript, and TypeScript, I possess strong communication, management, and problem-solving skills, enabling me to devise reliable solutions for complex challenges.

## WORK EXPERIENCE

### Senior Software Engineer

2022 - Now

#### Form

- Spearheaded an open-source package library, reducing code duplication and boosting updates, yielding a 30% boost in team efficiency.
- Oversaw migration to a monorepo, improving collaboration and cutting build times by 25%, enhancing CI/CD workflows.
- Successfully launched 5 Web3 applications, serving a user base of over 100,000.

### Senior Software Engineer

2022 - 2023

#### Klarna

- Launched a shared React Native onboarding library used by 3+ teams, cutting onboarding time by 40% and improving development culture.
- Integrated Siri Shortcuts into the Klarna app, enhancing functionality with voice-activated features, resulting in a 10% increase in app usage.
- Developed a Google Sheet plugin for automated testing, reducing manual testing hours by over 50%.

### Senior Frontend Engineer

2020 - 2021

#### Toptal

- Enhanced the shared component library, leading to a 50% reduction in UI development time across projects through improved reusability
- Led the Jenkins to GitHub Actions transition, making deployments 30% faster and boosting productivity.
- Started a Monorepo architecture mentorship for 10+ engineers, raising project delivery efficiency by 25%.

### Frontend Engineer

2019 - 2020

#### Clubhouse (currently Shortcut)

- Led Gatsby landing page development, cutting load time by 40% and boosting visitor engagement by 25%.
- Improved page switching speed by 100% with code splitting, enhancing site navigability.
- Implemented auto-generating TypeScript schemas from GraphQL, improving development efficiency by reducing the time spent on type definitions by 30%.

### Frontend Engineer

2018 - 2019

#### Weffect

- Enhanced app interaction by 15% through dynamic CSS & JavaScript animations, elevating visual appeal and user experience.
- Boosted app quality by 95% of the test coverage, reducing bugs by 40% and speeding up the development cycle.

### Software Engineer

2016 - 2018

#### Attractor Software

- Doubled front-end performance and user satisfaction by halving load times and enhancing speed.
- Created a browser extension boosting user productivity by 40%, streamlining data scraping, analysis, and visualization.

## EDUCATION

### Bachelor's Degree

2015 - 2019

#### in Computer Science

Ala-too Internatinal University

## SKILLS

JavaScript, TypeScript, CI/CD, Docker, React, GraphQL
